INDEPENDENT AUDITOR'S REPORT

Board of Education
Unified School District No. 242
219 Coyote Blvd.
Weskan, KS 67762

I have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Unified School District No. 242, as of and for the year ended June 30, 2018, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on the financial statement based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America, and the *Kansas Municipal Audit and Accounting Guide*. Those standards require I plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by Unified School District No. 242 on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In my opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Unified School District No. 242 as of June 30, 2018, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In my opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of Unified School District No. 242 as of June 30, 2018, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Other Matters

Supplemental Information

My audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures – actual and budget, individual fund schedules of regulatory basis receipts and expenditures – actual and budget, summary of regulatory basis receipts and disbursements – agency funds, and schedule of receipts, expenditures, and unencumbered cash – district activity funds (Schedules 1, 2, 3, and 4 as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards

generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

Prior Year Comparative Analysis

I also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of Unified School District No. 242 as of and for the year ended June 30, 2017 (not presented herein), and have issued my report thereon dated September 29, 2017, which contained an unmodified opinion on the basic financial statement. The 2017 basic financial statement and my accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link: <http://www.admin.ks.gov/offices/chief-financial-officer/municipal-services>. The 2017 actual column (2017 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures – actual and budget for the year ended June 30, 2018 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2017 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2017 basic financial statement. The 2017 comparative information was subjected to the auditing procedures applied in the audit of the 2017 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2017 basic financial statement or to the 2017 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the 2017 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended June 30, 2017, on the basis of accounting described in Note 1.

**UNIFIED SCHOOL DISTRICT NO. 242
WESKAN, KANSAS**

**NOTES TO THE FINANCIAL STATEMENT
For the Year Ended June 30, 2018**

Note 1: Summary of Significant Accounting Policies

A. Financial Reporting Entity

Unified School District No. 242 (USD 242), Weskan, Kansas, is a municipal corporation governed by an elected seven-member board. This financial statement presents USD 242, the primary government. USD 242 does not have any related municipal entities.

B. Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The municipality has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the regulatory basis of accounting.

C. Regulatory basis fund types

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. The following fund types are used by USD 242:

General Fund – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Note 1: Summary of Significant Accounting Policies (continued)

Special Purpose Funds – used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Trust Funds – funds used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency Funds – funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, student organizations, etc.).

D. Cash and investments

The municipality pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements. Cash in excess of current requirements is invested in interest-bearing deposits and disclosed as part of the municipality's cash balances. Unless specifically designated, all interest income is credited to the Capital Outlay Fund.

E. Property taxes

Collection of current year property tax by the County Treasurer is not completed, apportioned or distributed to USD 242 until the succeeding year, such procedures being in conformity with governing state statutes. Consequently, current year property taxes receivable are not available as a resource that can be used to finance the current year operations of USD 242; and therefore, are not susceptible to accrual.

Property taxes are collected and remitted to USD 242 by the county government. Taxes levied annually on November 1 are due one-half by December 20 and one half by May 10. Tax payments are recognized as revenue in the year received. Delinquent tax payments are recognized as revenue in the year received.

F. Interfund transactions

Quasi-external transactions (i.e., transactions that would be treated as receipts or expenditures if they involved organizations external to the governmental unit, such as internal service fund billings to departments) are accounted for as receipts or expenditures. Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers.

Note 1: Summary of Significant Accounting Policies (continued)

G. Reimbursements

A reimbursement is an expenditure initially made in one fund, but properly attributable to another fund. For example, it is common for the general fund to pay a vendor's bill and have portions of it reimbursed by other funds. In accounting for such reimbursements, USD 242 records an expenditure in the reimbursing fund, and a reduction of expenditure in the reimbursed fund, following the authoritative guidance provided under KMAAG regulatory basis accounting.

H. Restricted Assets

These assets consist of cash and short-term investments restricted for Agency Funds.

I. Use of Estimates

The preparation of financial statements on a prescribed basis of accounting that demonstrates compliance with the cash basis and budget laws of the State of Kansas requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2: Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There was a budget amendment for the KPERS Fund from \$87,318 to \$89,837.

Note 2: Budgetary Information (continued)

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for the prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budget expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds, fiduciary funds, permanent funds and the following special revenue funds:

- Contingency Reserve
- Textbook Rental
- Character Ed
- Title I
- Title II-A
- REAP Federal Grant
- District Activity Funds

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Note 3: Deposits & Investments

K.S.A. 9-1401 establishes the depositories which may be used by USD 242. The statute requires banks eligible to hold USD 242's funds have a main or branch bank in the county in which USD 242 is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. USD 242 has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits USD 242's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements;

Note 3: Deposits & Investments (continued)

and the Kansas Municipal Investment Pool. USD 242 has no investment policy that would further limit its investment choices.

Concentration of credit risk

State statutes place no limit on the amount USD 242 may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. USD 242's allocation of investments as of June 30, 2018 is 100% guaranteed investment contracts secured by U.S. Treasury and Agencies.

Custodial credit risk – deposits

Custodial credit risk is the risk that in the event of a bank failure, USD 242's deposits may not be returned to it. State statutes require USD 242's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka except during designated "peak periods" when required coverage is 50%. USD 242 does not use designated "peak periods". All deposits were legally secured at June 30, 2018.

At June 30, 2018, USD 242's carrying amount of deposits was \$465,109 and the bank balance was \$506,684. The bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balance, \$101,500 was covered by federal depository insurance and \$405,184 was collateralized with securities held by the pledging financial institutions' agents in USD 242's name.

Custodial credit risk – investments

For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, USD 242 will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured. USD 242 had no investments of this type at June 30, 2018.

Note 4: Compensated Absences

Certified full time employees earn sick leave each year based on the following guidelines:

Four Day Week School Year	8 days
Five Day Week School Year	10 days

Sick leave accumulates to the maximum of forty-four days. Each certified full time employee is allowed four days of personal leave and one professional day each year.

Note 4: Compensated Absences (continued)

Full time non-certified employees earn ten contract days of paid sick leave per year accumulative to forty-four days. The paid sick leave may be used as sick leave or bereavement leave.

The unused sick leave and personal leave is not paid upon termination, therefore, no cost or accumulated sick and personal leave as of June 30, 2018 has been calculated.

Note 5: Defined Benefit Pension Plan

Plan Description. USD No. 242 participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, *et seq.* Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 S. Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establishes the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2, and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2, and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate with a 0% moratorium for the period of July 1, 2017 through September 30, 2017 for the Death and Disability Program) was 10.81% for the fiscal year ended June 30, 2017. The actuarially determined employer contribution rate was 12.01% for the fiscal year ended June 30, 2018. Per 2016 House Substitute for Senate Bill 161, section 98(a)(1), state general fund and expanded lottery act revenue funds for employer contributions to KPERS were deferred. The amount deferred for school contributions was \$92,917,091 for the

Note 5: Defined Benefit Pension Plan (continued)

fiscal year ended June 30, 2016 and the anticipated repayments per SB249 were nullified per HB2052 during fiscal year 2017.

The State of Kansas contribution to KPERS for all school municipalities for the year ending June 30, 2017, received as of June 30th was \$304,596,361. Per 2017 Senate Substitute for House Bill 2052, Section 37(a), state general fund employer contributions to KPERS were decreased by \$64,130,234 for the fiscal year ended June 30, 2017. Section 43(17) of the bill also stipulates that repayments of the reduced contributions are to be amortized over twenty years at a level dollar amount commencing in fiscal year 2018. The level dollar amount was computed to be \$6.4 million dollars per year.

The State of Kansas is required to contribute the statutory required employer's share except for retired USD 242 employees. USD 242 is responsible for the employer's portion of the cost for retired USD 242 employees. USD 242 received and remitted amounts equal to the statutory contribution rate, which totaled \$89,469 for the year ended June 30, 2018.

Net Pension Liability. At June 30, 2018, USD 242's proportionate share of the collective net pension liability reported by KPERS was \$1,035,998. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2016, which was rolled forward to June 30, 2017. USD 242's proportion of the net pension liability was based on the ratio of USD 242's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2017. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publically available on the website at www.kpers.org or can be obtained as described above.

Note 6: Contingencies

In the normal course of operations, USD 242 participates in various federal and state grant programs. The grant programs are often subject to additional audits by agents of the granting agency, the purpose of which is to ensure compliance with the specific conditions of the grant. Any liability for reimbursements which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

Note 7: Risk Management

USD 242 is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 8: Interfund Transfers

Operating transfers are as follows:

<u>From</u>	<u>To</u>	<u>Statutory Authority</u>	<u>Amount</u>
General	At Risk (K-12)	72-6428	\$ 40,000
General	Bilingual	72-6428	2,500
General	Capital Outlay	72-6428	12,396

General	Special Education	72-6428	167,928
General	Supp General	72-6428	12,815
Supp. General	At Risk (K-12)	72-6433	43,958
Supp. General	Bilingual	72-6433	2,000
Supp. General	Driver Training	72-6433	---
Supp. General	Food Service	72-6433	1,095
Supp. General	Prof. Development	72-6433	---
Supp. General	Special Education	72-6433	<u>7,000</u>
Total			\$ 305,288

Note 9: Other Post Employment Benefits

As provided by K.S.A. 12-5040, USD 242 allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, USD 242 is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in the financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), USD 242 makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to USD 242 under this program.

Note 10: In-Substance Receipt in Transit

USD 242 received \$74,017.00 subsequent to June 30, 2018 and as required by K.S.A. 72-6417 and 72-6434, the receipt was recorded as an in-substance receipt in transit and included as a receipt for the year ended June 30, 2018.

Note 11: Compliance with Kansas Statutes

There were no compliance issues for USD 242 for the year ended June 30, 2018.

Note 12: Evaluation of Subsequent Events

The organization has evaluated subsequent events through October 5, 2018, the date which the financial statement was available to be issued.

Note 13: Long-Term Debt

Changes in long-term liabilities for the District for the year ended June 30, 2018, were as follows:

Issue	Interest Rates	Amount of Issue	Date of Final Maturity	Balance Beginning of Year	Additions	Reductions/ Payments	Balance End of Year	Interest Paid
Capital Leases Payable				\$ -	\$ -	\$ -	\$ -	\$ -
